# Alumni News

## Biological Sciences

Congrats to Alexander Sherman, Class Of '04, who was nominated and accepted by the School of Biological Sciences of Honors Society for his excellent record of scholarship and his involvement in research! We are so proud of you Alex!

## Will You Marry Me?

We are so happy for Melanie Duschinsky, Class of 2000, who recently got engaged to Andy Butters. They have been together of for 7 years ago! The two met at Northern Arizona University in their 2<sup>nd</sup> year of college where they first began their relationship as friends. They are now slowly planning their wedding and we are very excited for them! Congratulations!

## Bundles Of Joy...

Jade Smith Shulist, Class of '92, is now expecting her second child, a girl at the end of July. Her young son, Logan, is so excited and looking forward to being a big brother. Jade is currently living with her family in San Francisco. We also want to congratulate Jade's brother, Perry Smith, who graduated from St. Nicholas in '96. He is now a News Director for the local television of Santa Clarita, where he does the 5 minute news break in addition to his responsibilities as a News Director.

## Fashion Project

Nicole Barefoot, Class of '02, made a move to Boston to begin working with a startup company called Fashion Project. She recently left the team at Guess handbags to join Fashion Project, an exclusive service, where you donate and shop for designer labels with a portion of every sale going to charity. She will be taking on an exciting role as their Vice President of Marketing and Business Development. She is excited with the challenge ahead and says anytime anyone from the St. Nicholas community is in Boston, be sure to look her up! You go girl!!

## Rector Athanasia

Athanasia Kyriazis, Class of '09, recently attended her third Kairos (a spiritual retreat offered by her high school, Louisville) as a Rector this year. She attended her first one as a Junior, so that she could train to be a leader when she attended in her Senior year. Now, she has been asked to be a Rector which is usually reserved for college students who come back and lead the leaders. They have bestowed this honor on Athanasia. According to her mother, Frances, "It is an honor for which we are truly thankful." We are very proud of you
